

## General Information

AC motors must not operate at ambient temperatures in excess of 40°C (104°F) and must not be operated at temperatures in excess of 100°C (212°F).

For further information, please contact your local distributor or contact us at [info@hilti.com](mailto:info@hilti.com).

Always use correct wiring between motor and controller. Failure to comply may result in damage to the motor.

Always use correct wiring between motor and controller. Failure to comply may result in damage to the motor. Always use correct wiring between motor and controller. Failure to comply may result in damage to the motor.

## Multiple Inverters

### AC Motor Mounting Base

AC motor mounting base

AC motor winding base

### AC Motor Mounting Base

- 1. Center hole
- 2. 16 mm diameter hole
- 3. 40 mm diameter hole
- 4. 100 mm diameter hole

### AC Motor Winding Base

- 1. 16 mm diameter hole
  - 2. 40 mm diameter hole
  - 3. 100 mm diameter hole
- Always use correct wiring between motor and controller. Failure to comply may result in damage to the motor.
