

## TOPSIDE PAINTS

**EZ-Poxy®** (new aerosol packaging available!) is a modern one-part polyurethane topside and deck enamel improved by the addition of silicone for a brilliant shine and easy brushability. Its advanced ultraviolet filters enhance the superior gloss retention and durability of polyurethane. The result is a topside finish that's exceptionally easy to apply, producing a lasting gelcoat-like brilliance with minimal effort. It is more economical, requires less effort, and is more forgiving than the competition's.  
**Compatible with EZ-Poxy Performance Enhancer.**

**ProPoxy™** is a perfected single stage, two-part, acrylic urethane coating that cures to a high-gloss, durable finish. ProPoxy builds on this proven platform to create a stunning, long-lasting, buffable finish for exterior applications.

ProPoxy's high solids formula features excellent coverage and hide. Unlike traditional polyurethanes, this product is easier to apply and repair. ProPoxy offers best in class flow-out, aesthetics, and durability in fewer coats.

ProPoxy cures quickly reducing contamination during application and return to service times.

**EZ-Poxy Performance Enhancer 3021** is an additive that can be used in all Pettit high-gloss solvent-based topside paints and varnishes. Its advanced formulation reacts with the paint it is mixed in with, providing exceptional durability, gloss, hardness, gloss-retention, scratch resistance, and longevity.

\*Colors available for ProPoxy 2K aerosol.

**ProPoxy™ Primer** is a multi-use premium, two-part epoxy primer that can be used for both interior and exterior applications to seal undercoats and fillers prior to applying ProPoxy Acrylic Urethane. This non-porous product provides superior adhesion, chemical and corrosion resistance to a variety of substrates including fiberglass/gelcoat, wood, properly etched/primed metal, and previously painted 2-Part paint surfaces.

ProPoxy Primer primes and seals old and new properly prepared substrates, features excellent sanding qualities and enhances the high gloss finish of ProPoxy topcoat.
